## Sizing for Branding Area on Inside of Neck

## Printing Instructions

Due to the nature of polyester taffeta, special care must be taken when decorating.

Recommend low temp DTF for all decorations areas, including inside back neck label area if re-branding.

**Temperature not to exceed 255 degrees.**

Please check with your DTF supplier for further instructions.

**Embroidery not recommended for this style.**

Please check with your embroidery supplier if choosing for decoration.

**A test sample run is recommended, especially if you have a large order or if your printer does not specialize in printing on taffeta fabrics.**
