Hat Measurements

Size	OSFM
Total Exterior Circumference	61 cm
Crown Height	17 cm
Bill Length	7 cm
Front One Panel Width	19 cm

Printing Instructions

The use of a cap press machine is recommended. These machines operate similarly to standard models, featuring a hard metal or board base. To prevent marks or creases during application, a softer material should be placed and securely fastened on top of the base. Failure to follow this method may lead to crease issues on the cap.

RECOMMENDED APPLICATION TEMPERATURE: 150-160°C (302-320°F)

Ensure that the soft material used can withstand this temperature.
